Professional Summary

IT Support Specialist who diagnoses problems calmly, follows them through to resolution and writes the step-by-step guides that stop them coming back. I began in technical support at O'dua Telecoms (system uptime up 15%), then spent two years at Technotrend working with telecom VAS platforms (IVR, USSD, SMS), coordinating client and provider teams and monitoring service performance. I also deploy and run live applications on cloud and VPS hosting, and I am AWS Cloud Practitioner certified.

Work Experience

Freelance IT Support & Systems Specialist
Technical Support, Deployment & Documentation | Remote
2023 – Present

- Deployed and run live applications on **Vercel and a Vultr VPS** using **Docker and GitHub Actions**, handling releases and configuration.
- Prepared client-ready **documents, proposals, user guides and presentations** (Word, PDF, PowerPoint), including board proposals, project handover notes and step-by-step setup guides.
- Set up an **AI customer-enquiry assistant on Telegram** that answers product questions, checks stock, recommends items within a budget and calculates order totals with delivery and promo codes, in English or **Nigerian Pidgin**.
- Built modular **browser automation systems** with **Python and Playwright**, plus **Flask + Socket.IO dashboards** for real-time control and status tracking of parallel automated browser sessions.

Technotrend Platforms Nigeria Ltd.
Product Analyst / Data Specialist (VAS Operations & Technical Coordination)
2023 - 2025

- Coordinated **VAS (Value-Added Services)** product implementations including **Miniloan** and **Call Collect**, managing communication between client stakeholders and third-party providers using **Voice Event Manager (VEM)** for IVR-based delivery.
- Facilitated implementation of **fraud detection** mechanisms and **double opt-in validation** workflows, aligning client requirements with provider capabilities for regulatory compliance.
- Served as the link between **client stakeholders and third-party service providers**, scheduling calls, following up on action items and keeping implementation timelines on track.
- Maintained documentation for product rollouts (**Miniloan**, **Call Collect**), compliance checks and **double opt-in** validation workflows.
- Monitored and reported on VAS sales funnel performance across **IVR, USSD, SMS and Web**, tracking **KPIs** such as **CTR**, conversion rate, **ARPU** and churn to find optimisation opportunities.

Extern | Beats by Dre.
Consumer Insights and Market Intelligence (Remote Extern)
2024

- Researched **macro consumer trends among Gen Z** and benchmarked brand sentiment against key competitors.
- Developed and presented a **data-driven strategy** for connecting with Gen Z, using surveys, interviews and market analysis.

Azubi Africa
Data Analytics Professional
2022 - 2023

- Led multiple data analytics projects, improving team efficiency by **20%** through streamlined communication and task allocation.
- Developed machine learning models that enhanced data analysis, leading to a **10% improvement in prediction accuracy** and better resource allocation.

Earlier Experience

- **O'dua Telecoms, Onet** – *Technology Intern* (2017 - 2018): Provided technical support and troubleshooting, improving system uptime by **15%**.
- **Africa Internet Holdings (JUMIA)** – *Quality Control* (2015): Monitored and enforced quality standards across operations, reducing the defective product rate by **10%**.
- **Africa Internet Holdings (KAYMU)** – *Content Manager* (2013): Managed and optimised site content, leading to a **12% increase in site traffic** and improved SEO performance.
